**Rental Equipment Terms**

Equipment is subject to availability at the time of order. The minimum rental period is two weeks. In the event that the rented equipment is not returned within the rental period, an additional two week use charge will be invoiced until the equipment is returned. If the equipment is lost, damaged or stolen, you will be invoiced for replacement cost.

Additional Shipping and Handling, and/or training and support labor is available and will be billed at ITM's standard rates.
