

Entry Level Engineering Technician

Employment Type: Full-Time

Compensation: Negotiable

Benefits Offered: 401K, Medical

Integrated Test & Measurement (ITM) is a structural test & measurement engineering service and software company located in Milford, OH that helps companies reduce costs and improve efficiencies in their product development, manufacturing, and production activities. ITM provides software development, structural and mechanical testing services, industrial monitoring, strain gauging, and data analysis solutions to clients around the globe. ITM is a recognized National Instruments Gold Alliance Partner.

We are seeking a diverse individual that is looking for hands-on experience to build their technical skills and assist in field operations. The ideal candidate is someone who is organized and gets excited about building things, is highly analytical, and enjoys tackling new problems regularly.

About you:

- You are self-driven and a self-starter.
- You are punctual and responsible.
- You take pride in your work and are obsessed with attention to detail.
- You find large challenges exciting and enjoy discovering and defining problems as much as solving them.
- You have a strong mechanical aptitude
- You are excited to work with and learn from other skilled engineers.
- You are a cross disciplinary team member.
- You are comfortable communicating ideas across teams.
- You deliver solutions that work.

About your role:

- Must be willing to take on multiple assignments, prioritize and complete on schedule.
- Assist in technical lab operations using basic hand tools and power tools to perform assembly operations.

- Spend time learning technical skills; including hardware and software design techniques, software development and testing techniques, and system installation and checkout processes.
- Ability to travel (domestic and international)
- Assist in field operations including installation, checkout, commissioning and standby support.
- Field testing of mechanical and electrical equipment
- Software and electrical system troubleshooting
- Proficient computer skills (Windows and Microsoft Office products)
- Exceptional verbal and written communication skills
- Training provided
- Must be authorized to work in the United States. ITM is not currently accepting work visas.

Qualified candidates are asked to send resumes, cover letters, and references to:
